

TREATMENT WORKS !!

IF:

- ⇒ We assist persons to rapidly access treatment
- ⇒ Services are available and affordable
- ⇒ Services welcoming and we assist persons to stay in treatment
- ⇒ We stop kicking people out of treatment
- ⇒ We provide an adequate dose of treatment
- ⇒ Evidence based practices are used and we continue to develop new technologies
- ⇒ We truly provide treatment that meets individual needs
- ⇒ We empower people to use their inherent strengths and develop their own personal recovery plans
- ⇒ We integrate addiction treatment with mental health, primary care and other needed services
- ⇒ Treatment is followed by continuing care, active engagement with indigenous communities of recovery and needed recovery support services
- ⇒ Ongoing monitoring, support and early re-intervention is provided following active treatment
